MYSORE DIVISION.

Dated 22nd November 1911.

1. A sum of Rs. 231-10-8, being the arrears due to contractors Srinivasaiya and Subdar Hussain for restoring the Halebid tank, is outstanding in the Deposit Account of this office from June 1909. If the said sum is not claimed within three months from this date, the amount will be credited to Government.

2. A sum of Rs. 100, being the earnest money deposited by contractor Sampangi Naidu, deceased, for constructing a Dispensary at Nanjangud, is outstanding in the accounts of this office from April 1909. If the amount is not claimed by his heirs within three months from this date, the same will be credited to Government.

3. A sum of Rs. 335-14-0, being the arrears due to contractor B. Krishna Rao for improving the Polo ground, is outstanding in the accounts of this office from June 1911. If he or his heirs do not claim the amount within three months from this date, the same will be credited to Government.

Dated 24th November 1911.

Notice is hereby given that sealed tenders will be received at the office of the Executive Engineer, Mysore Division, up to 3rd January 1912, for constructing a bridge of seven arches of twenty-five feet span across the River Nugu on Hunsur-Begur road. An approximate estimate of quantities is given below. These quantities are not guaranteed. The work should be completed by the end of December 1913.

2. The plans, detailed estimate and conditions may be seen at the Executive Engineer's office at Mysore, between the hours of 2 and 5 P.M.

3. Tenders should be submitted on printed forms which may be obtained from the Executive Engineer. The tenders should be accompanied by a statement in the form given below, showing the rates at which the different items specified will be executed.

4. Each tender must be accompanied by a deposit of rupees five hundred in cash or Government Promissory Notes, as earnest money, and be superscribed "Tender for constructing a bridge of seven arches on Hunsur-Begur road," in default of which, tenders will be rejected.

5. The final acceptance of any tender will rest with the Superintending Engineer, Southern Circle, who does not bind himself to accept the lowest or any tender or to assign any reason whatever for the rejection of any tender.

6. Within eight days of the acceptance of the tender, the successful competitor will be required to execute the usual contract bond; in default of which, his tender will be considered cancelled and his earnest money will be forfeited.

7. The name of the successful competitor, whose tender has been accepted, will be posted on the notice board in the Executive Engineer's office in due course. No enquiries regarding the acceptance or rejection of a tender will receive any reply.

8. On acceptance of one of the tenders, the earnest money on rejected tenders will be returned.
